

Come back year after year

Mountainview is a place of acceptance and friendship. Campers have time to connect and learn about each other. One of the first things the campers will do is be put into a family group with other campers with caring leaders. They will get to spend close time with family group in biblical study and compete in friendly competition with other families in all sorts of activities like "Minute to Win It". It may be a competition to see how fast a team member can drink a soda or build the tallest human pyramid with your friends. We are serious about Christ, but you won't take yourself too seriously here!

We will see you soon!

What makes Mountainview unique is that it runs completely on the volunteering of Christians in the upstate New York area. They spend tons of time and energy teaching and serving the campers so that we can keep this camp affordable and accessible to you. They want you to learn to be more confident in yourself and in Christ. Many campers who come as children return often to serve the next generation. It serves in many ways as also a Christian Service camp for even the camper. Each week the campers learn about a missionary and their mission, praying and encouraging them by the end of the week. Particularly during the Mountain Do week, they take on service projects around the greater Dansville area or on the Mountainview campus.

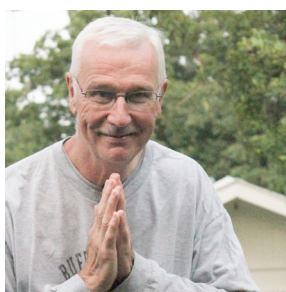

We welcome you to come join on us each summer at Mountainview Christian Camp for fun and faith building. Visit us online for more specific details or contact the camp at mtnviewchristiancamp@gmail.com for any questions. We look forward to seeing you this summer!

MOUNTAINVIEW CHRISTIAN CAMP

Who we are
mountainviewchristiancamp.org
3511 Reed Rd, Dansville, NY 14437

What's Going on this week?

The weeks are full of all sorts of activities. During free time we play all sorts of field games like soccer and volleyball. Carpet pool and air hockey in the dining hall are camp classics. When it gets too hot out we bring out the water slide to cool off. A favorite night game every week is the staff hunt. The leaders hide within the camp grounds, in the weeds, in the trees, while teams of campers try to find the elusive crew. Who can find the most! The late night campfires are a joy singing with the guitar and hearing personal stories from missionaries and staff. Before going home from the week, let's see if you can last the longest in a pillow fight in the dorm!

LOUD, FUN, & EXCITING

I enjoyed how disconnected I was, able to concentrate on things that really matter. I also loved all the games we played, skits we created, and songs we sung. I saw God in a new light here and that will never leave me.

- amanda

You can start coming to camp starting at Kindergarten at the First Chance weekend to ease the transition from home. Then we have 3 full weeks of camp for all middle schoolers to high school. Not a young one? The adults have weekends tailored to you and

your schedule. Join with other adults at the Ladies and Men's Retreats to get involved in Christ again away from the distractions. Additionally each year the Family Camp weekend welcomes all young and old to join in some relaxation and rejuvenation of your faith.
